"Murder is unique in that it abolishes the party it injures, so that society has to take the place of the victim and on his behalf demand atonement or grant forgiveness; it is the one crime in which society has a direct interest".
W.H. Auden "The Guilty Vicarage"

The Mission of the Ontario Homicide Investigators Association is to bring together the men and women charged with this responsibility and to provide a forum, through which they can share their skill, knowledge and expertise for their professional development and support.

Each year the OHIA Workshop Committee ensures that the content of the weeklong event is topical, relevant and aimed to benefit the advanced homicide investigator. The OHIA Workshop Committee ensures that all of the content is completely Canadian thereby ensuring that the workshop is not only entertaining but more importantly educational.
